****

Beloved Children on the Path:

When a Perfected Being focuses His attention on an unascended member of the race, there flows from the consciousness of the Master a steady stream of pure electronic substance which is filled with the feeling, the thought and the very being of the Master directing the Light Ray of His attention. If you could, with the inner eye, watch the process when the Master chooses to pour His consciousness into the aspirant, you would see passing from the Master waves of light and color which flow into the four lower bodies of the individual, enlarging each one of those bodies, and also changing the color and tone of the energy released by the chela. During this process, much of the psychic and astral substance is washed out of the lower bodies of the student and new hope fills his inner bodies.

If it were not for such a spiritual connection between Master and chela, the weight of the individual's accumulation of psychic substance would soon draw him back into the mass mind because the heavy pressure of human creation around the Earth plane at present is more than the strength of any unascended being can pierce through unaided. It is this spiritual transfusion (so to speak) of the Master that gives the added impetus of courage, inspiration, strength and love of the Light to the imprisoned soul which enables that soul to hold the Path-

way open before him.

That is why Our desire is so great for people to place their attention, undivided, upon the Ascended Masters' Octave, the Omnipresent Holy Spirit of God, the Angelic Host or any member of the Spiritual Brotherhood as often as possible because it forms the link or bridge over which may be carried the Spiritual Food which sustains the interest of the soul and makes that soul a radiating center of inspiration to others. Without such a link, dear ones, the soul-sleep of the centuries would again engulf the people of Earth.

The particular service of the Ascended Master is to intensify the light in the heart of the seeker that its more powerful and expanded voltage might throw a greater radiance upon his path. The amount of Light within the chela will determine his capacity to perceive and cognize Truth and the constant increase of the Light through the consciously projected Rays of the Ascended Master represents the way and means by which the seeker's light may have sufficient intensity to enable him to find the object of his search, which is the realization of his own oneness with the Eternal Father of All.

As the traveler can proceed with greater ease when the light of the noonday sun illumines his pathway than during the night hours when every crevasse and stone is shadowed over, so can the wayfarer upon the Spiritual Path accomplish his journey with greater ease and safety when the combined focused and sustained Rays of the Ascended Host make for him a Spiritual Light on his path which shows up the hurdles, the

obstacles, and the straight way.

The individual who seeks to proceed without the assistance of the Masters may do so, but then it is only his own soul-light that can guide him which may be likened to one traveling through a forest in the dark with only the flickering, uncertain light of a penny candle, whereas one may proceed in safety with the light of the noonday sun.

Blessings and Love,

MAHA CHOHAN
